Coffee Decanter Warmers

General Coffee Decanter Warmers, available with either one or two warming stations, are available in a low profile design that makes efficient use of limited space. An ideal solution to keep liquid products warm inside a decanter, the hot plates feature an illuminating, easy to use On/Off switch that bring the warmers to an optimal 176°F (80°C). Simple to use, simple to clean, and simple to maintain, these warmers are perfect for many applications, especially where space is at a premium.

FEATURE LIST

	GHP10	GHP20
Model:	GHP10	GHP20
